## **Screaming Circuits Wins Service Excellence Award**

Canby, OR – Screaming Circuits today announced that it had received an award at the 2009 Service Excellence Awards (SEAs) for Electronics Manufacturing Services (EMS) providers. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers. The ceremony was held on March 30, at the IPC APEX Expo in Las Vegas, Nev.

Screaming Circuits received the award for Manufacturing Quality in the category for EMS companies with revenues under \$20 million. This is the second year in a row that Screaming Circuits has won in the SEAs competition.

“This award sends a positive message to our team and will encourage us to work even harder to set the standard in quickturn prototype services,” said Duane Benson, Screaming Circuits’ marketing manager.
